Dual-Light™ LED Flashlight with Dual Magnet

ITEM

BAYNSP2422R

UOM

EACH

Product Description

The Dual-Light™ 130 lumen flashlight uses a CREE® LED paired with a high-efficiency deep parabolic reflector, creating a flashlight beam with an effective range of over 590 feet. Built into the handle is a 110 lumen floodlight. The floodlight does not have a reflector so the light spreads out in a wide pattern perfect for lighting up things that are close. Both the flashlight and the floodlight can be turned on at the same time for even more versatile lighting options.

Features

- CREE® LED technology – 50,000+ hours LED life
- Sharp focused flashlight beam for distance illumination. Unfocused wide-beam floodlight for close-up illumination.
- High-efficiency deep parabolic reflector & effective beam distance of 181 meters (over 590 feet)
- Dual-Light (flashlight & floodlight on at the same time) for maximum versatility. Momentary or constant-on flashlight.
- Powerful integrated magnets built into the base and clip for multiple hands-free options. Built-in pocket/belt clip.
- Engineered polymer housing is impact & chemical resistant as well as waterproof. The lens is scratch resistant and made of unbreakable polycarbonate.
- Also features dual body switches, non-slip grip and includes a removable lanyard

Application's / Industry

- Law Enforcement
- Industrial
- Search & Rescue
- Automotive
- Aviation
- Hunting & Recreation

Specifications

Manufacturer P/N	NSP-2422R
Lumens	Flashlight 130, Floodlight 110, Dual-Light 235
Bulb Type	CREE® LED
Intrinsically Safe	No
Power Source	AA Premium Batteries
Battery Quantity	3
