# 2" x 4" Carnie Cap™

ITEM #	UOM
CARCC1002X4	EACH

## Product Description

These 2" x 4" Rebar Caps from Carnie Caps are the superior choice in rebar impalement protection. The Carnie Cap System, when used properly, will withstand a 250 pound weight dropped from 10 feet without the rebar protruding. The Carnie Cap System is also an economical choice: only two Carnie Caps are needed per each eight foot section. Plus, by eliminating injuries, installation time and inventory overhead, Carnie Caps not only protect workers, they can protect a company.

## Features

- When used properly, will withstand a 250 pound weight dropped from 10 feet without the rebar protruding
- Works in vertical, incline and horizontal applications
- An economical choice: only 2 caps needed per each 8 foot span
- Made of rugged, sturdy and reusable plastic
- Quick and easy to install
- Fits rebar sizes #4 to #9
- Packaged 100 per case for additional savings

## Application's / Industry

- Construction
- Transportation
- Oil & Gas
- General Industry
- Wind Energy
- Utilities
