Low Profile N95 Respirator

ITEM

GER1730N95

UOM

20/BOX

Product Description

This disposable low profile N95 particulate respirator is designed with strong, welded headstraps that holds the face mask securely in place. The special Gerson respirator filter effectively protects in non-oil areas with a double shell design that resists crushing & provides durability in hot, humid conditions. Smooth inner lining maximizes comfort and acceptance for better respirator compliance.

Features

- NIOSH approved for at least 95% filtration efficiency against certain non-oil based particles
- Electrostatically-charged filter media provides low breathing resistance
- Latex-free, staple-free head straps for comfort and safety
- Soft nose foam cushion
- More durable, double-shell construction for long life and economy
- This mask is cleared by the FDA for use in surgical environments

Application's / Industry

- Safety
- Industrial
- Aerospace
- Construction
- Medical
- Mining

Specifications

Manufacturer P/N	1730
Exhalation Valve	No
Protection Against	Non-Oil Based Particles
Standards/Approvals	NIOSH approved
