

RTZBL2DTB

SOFT COMFORT LIGHTWEIGHT HARNESS W/ FRONT D-RING

The Ritz Fall Protection Soft Comfort full body harness is a durable and reliable safety equipment designed for fall protection during work at height activities. It features a polyester material with adjustable shoulder and chest straps, grommeted leg straps, and metal components made of alloy steel. It provides a secure and comfortable fit, making it an essential tool for anyone who works at height.

FEATURES

- The Ritz Fall Protection full body harness features a dorsal attachment D-ring and a sternal D-ring for greater flexibility in connecting with safety equipment
- The adjustable shoulder and chest straps, along with grommeted leg straps, provide a secure and comfortable fit for the wearer
- Materials provide durability and stability in the harness
- The metal components and finish provide rust-resistance and durability in harsh environments

SIZES:

- SM: 5.7320 lbs.
- U: 5.8412 lbs.
- XL: 5.9505 lbs.
- 2X: 6.0597 lbs.
- 3X: 6.1690 lbs.

STANDARDS

As Per ANSI Z359.11-2021

TECH SPECS

Webbing Material	Polyester
Webbing Width	44±1mm
Breaking strength	5000 lbs
Stitching Thread Material	High-tenacity Polyester
Metal Component Material	Alloy Steel
Metal Component Finish	EDB
Static Strength	3600 lbs for 1 minute
Weight Capacity	420lbs

Dynamic performance

The upper ring of a dummy of 100 kg mass is raised to a height which allows to generate a 16kN force above the anchorage point for a free fall
