TWIN SRL CONNECTOR

The Ritz Fall Protection Twin SRL Connector is a high durable SRL connector which is the ultimate solution to attach SRL directly with user's harness. This Twin SRL connector reduces the length of the swing during the fall thereby preventing the impact of the SRL on the user's head. It is suitable for a variety of indoor and outdoor applications and most importantly meets all required safety standards.

FEATURES

- The Ritz Fall Protection Twin SRL Connector does not require additional connector.
- Installed on the webbing of the Harness, so the Dorsal D-ring is free for attaching other equipment.
- Provides mobility when moving from one location to another.
