## D-RING ANCHOR 5/8" WITH 4" BOLT

The Ritz Fall Protection D-Ring Anchor with Bolt features a single plate with a 5/8" for use with the included sleeve anchor mounting to either normal weight or sand-lightweight concrete. The anchor is manufactured with a zinc plated carbon steel bolt, sleeve, cone and expansion clip with a low profile finished hex head. It is reusable, safe and secure anchorage solution for horizontal, vertical or overhead anchoring applications in construction, general industrial and mining.

### FEATURES

- Zinc-plated, steel D-ring, with single plate & 5/8" hole to be fixed to concrete as well as metal structures.
- D-ring can be safely used as an Anchor point.
- Anchor is constructed with a zinc plated carbon steel bolt, sleeve, cone & expansion clip with a low profile finished hex head.
- Each kit includes: one D-ring Anchor and one heavy-duty sleeve style concrete anchor.

### TECH SPECS
