## ELASTIC HARD HAT TOOL LANYARD

The Ritz Fall Protection Elastic Hard Hat Tool Lanyard with Buckle securely tethers hard hats and small hand tools to prevent them from becoming dangerous dropped objects when working at heights. Compatible with all hard hats, this safety lanyard can be easily connected via the accessory slot or suspension. It can also be used for tethering hand tools or other small gear.

### FEATURES

- Connects to hard hat accessory slot or suspension to prevent drops
- This can be used to secure a variety of tools such as wrenches, screwdrivers, measuring tape, hard hats, etc.
- A durable double-lock buckle makes for easy anchoring, while high-stretch elastic reduces jarring on the worker in the event of a drop
- The double-lock buckle securely clips around captive connection points on fall protection harnesses, safety vests, tool belts, d-rings, etc.
- Ideal for construction, telecom, oil and gas, power generation, utilities, wind, manufacturing, municipalities and scaffolding
