

RTZTL156

COILED HARD HAT TOOL LANYARD

The Ritz Fall Protection Coiled Hard Hat Tool Lanyard with Buckle securely tethers hard hats to prevent them from becoming dangerous dropped objects when working at heights. Compatible with all hard hats, this safety lanyard can be easily connected via the accessory slot or suspension. It can also be used for tethering hand tools or other small gear.

FEATURES

- This can be used to secure a variety of tools such as wrenches, screwdrivers, and pliers
- Capable of holding up to 2 lbs of tools
- Consists of a coiled vinyl-coated line that can stretch up to 48 inches
- Low-profile coiled design allows for maximum mobility and prevents entanglement while working
- Features a loop on the end that can be used to secure a variety of tools
- A durable double-lock buckle securely clips around captive connection points on fall protection harnesses, safety vests, tool belts, d-rings, etc. and makes for easy anchoring
- Ideal for construction, telecom, oil and gas, power generation, utilities, wind, manufacturing, municipalities and scaffolding
